

# The Laser Check Writer System

...is a powerful Windows™ / Access based software tool used to produce over 40 MICR documents on your standard laser printer at a fraction of the cost of pre-printed forms.

- ✓ With this **easy to use System**, Cashier's Checks, official checks, money orders, personalized temporary checks and other **MICR documents** are easily produced.
- ✓ **Loan coupon books** can be produced and made available to your customer at the time the loan is closed.
- ✓ Document Types available for use in **Teller Operations, New Accounts, Loan Administration, Call Center, General Accounting** and other areas of your organization.

## Main Menu Selections

## The Laser Check Writer System™

enhances your **Bank Secrecy Act Reporting compliance** by automating the \$3,000 Rule Log and Currency Transaction Reporting process.

## CTR Input Screens

- ✓ The Currency Transaction Report **database means you can review and replicate** prior reports – eliminating re-keying and providing the ability to amend a previous report.
- ✓ The System generates a **cumulative Currency Transaction Report** at your command, and the data can be **exported to any standard spreadsheet program**.
- ✓ Each **field** on the CTR input screens exactly **corresponds to the fields on the Form 4789**, making input easy and familiar.

T J C **SOFTWARE SOLUTIONS** INC

The Laser Check Writer System™ includes a **database of all completed transactions** -- including CTR transactions -- that allows for **review and replication of completed transactions** through the Inquiry feature.
