CEN Grade 3

CEN Grade 4

Accessibility

• **USA ADA Accessibility Guidelines for Buildings and Facilities (ADAAG)**

Subject to customer compliance with NCR Site Preparation and Installation Guidelines, the Personas M Series complies with **ADAAG sections 4.34.2, 4.34.3 and 4.34.4** (as amended through September 2002). Of the remaining portions of ADAAG specifically addressed to automated teller machines, section 4.34.1 addresses the route on which the product is placed and not aspects of the product itself and section 4.34.5 is a performance standard that does not specify how to achieve or measure compliance and therefore NCR does not offer guidance as to such compliance.

• **AS3769-1990 - Australian Standard for Accessibility**

With minor exceptions, the Personas M Series produced for sale in Australia complies with this standard

• **Access to ATMs: UK Design Guidelines 2002**

With minor exceptions, the Personas M Series produced for sale in the UK conforms with these guidelines

• **CAN/CSA B651.1-01**

With minor exceptions, the Personas M Series produced for sale in Canada complies with this standard

Environmental

Temperature

50°F to 104°F (10°C to 40°C)

Humidity

20% to 80%

Acoustics

Sound power 55dBA idle, 60dBA operating

Sound pressure 55dBA operating

Operating platform

Intel® Pentium® 4

Optional CD-ROM or DVD-ROM

What is the Personas M Series 76?

The Personas M Series 76 is a multi-function ATM for interior locations, delivering the widest combination of transactions per square meter.

NCR's Personas M Series brings to market a set of flexible, upgradeable and configurable ATMs designed on a single platform. The Personas M Series 76 delivers the most extensive range of cash, deposit and account based transactions on a single ATM. This multi-function ATM optimizes the migration of high volume, low commercial value transactions from the teller to the self-service channel, improving branch efficiency and increasing consumer satisfaction.

Configuration options on the Personas M Series 76 are vast and include cash accept, cash dispense, double capacity cash dispense, cash recycling, check accept, coin dispense, bill payment, statement print and/or passbook update. This ATM offers the opportunity to deliver a full range of account services to your customers in the branch or retail locations.

Scalable cash storage options and cash sorting make this solution easy to replenish, manage and maintain. The Personas M Series 76 offers extended replenishment cycles providing you the opportunity to reduce balancing and reconciliation costs.

In addition, you can further reduce cash management costs by recycling notes that customers have already deposited.

NCR's evolutionary design is evident at every level of the Personas M Series 76. The compact user interface is easy to use, while customer privacy panels improve transaction security. The sleek design of the cabinet, integrated advertising panels and large display allow you to promote your products, your brand and offers third party advertising opportunities.

NCR aims to protect your investment through world-class usability and design and our continual investment in technological advancements. The flexible nature of the Personas M Series lets you introduce new functionality and keep pace with the changing business environment. The Personas M Series offers a high level of security and standards compliance. This includes countermeasures to ATM fraud, support for EMV, Triple DES and Remote Key Management and public and private audio.

The Personas M Series 76 - delivers cost savings for you and direct benefits to your customers.

MORE RESULTS

- Upgrade to recycling and reduce your cash management costs.
- Optimized balancing and reconciliation saves you time.
- User-friendly design increases customer confidence, maximizing the volume of transactions you can migrate to your self-service channel.
- Drive best value total cost of ownership with superior performance and availability.
- Protect your investment and upgrade the Personas M Series at your own pace.

Why NCR?

NCR ATMs set worldwide standards through technology innovation, understanding the user, the transaction and accessibility requirements - for those with special needs. Knowledge shared and experience gained from a global customer base underpins NCR's business-led approach, supported by proven technology and implementation methodology.

NCR is the thought leader in the area of security and standards compliance. NCR is committed to delivering holistic security solutions, working in collaboration with the industry to develop and implement best practice worldwide.

Trust NCR - over 25 years financial self-service experience, manufacturing over one third of the world's ATMs.
